Drone Intensive

Three-day immersive experience in drone technology,
autonomous systems, and FPV racing

KEZAD, ABU DHABI

JANUARY 20-22

The event starts at 14:00

Three Days. Three Tracks

DAY 1 - JANUARY 20

School Students

FPV racing fundamentals
and competitive flights

University Students

Autonomous drone programming
with Bumblebee platform

DAY 2 - JANUARY 21

University Students

Autonomous drone programming
with Bumblebee platform

Corporate Teams

FPV racing championship

DAY 3 - JANUARY 22

Award ceremony

Flights live demo

Final demonstration

Autonomous mission execution

Competition

High-speed FPV races
and autonomous flight challenges

Education

Master classes, workshops,
and hands-on training

Innovation

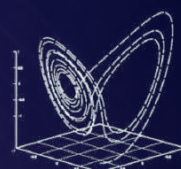

Power line inspection demonstrations
with autonomous systems
